TECHNICAL AREA ACCREDITATION

- It is necessary to have a UCI 2024 license.
- To obtain an accreditation, the person who wants to be accredited simply must appear on site, at the information point during the verifications or at any of the competition office hours during the stages.

IMPORTANT INFORMATION

In accordance with the regulations of the Royal Spanish Cycling Federation (RFEC) and the Consejo Superior de Deportes (CSD), all foreign participants holding a cycling licence not issued by the RFEC must have written authorisation from their national federation certifying that their insurance is valid for participation in this event. This document must be presented to the Commissaires in order to collect the race number. Otherwise, they will have to take out a temporary licence to participate.

This regulation includes all categories: UCI Elite, Elite, Masters, Mixed and Opens.

SPECIAL AWARDS

ISB PRIZE MONEY

ISB Sport will award prizes to the fastest in each stage.

	PRIZE MONEY

GANADORES/AS	<input type="text"/>	
IMPORTE	# 200,00 € #	

Up to 2.400€ in prize money for the fastest pairs in each stage.

ISB Sport Bearings, the specialist in high performance bearings, repeats as official sponsor of the competition and will allocate 2.400€ in prize money for the 'ISB Sport Award'.

In each of the 6 stages of the Andalucía Bike Race by Garmin, ISB Sport will award prizes to the overall winning pairs of each stage. Each day 400€ will be up for grabs and will be shared between the two pairs, male and female, who cross the finish line first.

The ISB Group, specialised in bearings and components, has been on the market since 1981. The headquarters in Italy is the strategic centre of a wide network of distributors and manufacturing centres, the latter in constant collaboration with the in-house R&D and Calibration departments.

Thus, ISB Sport continues to support cycling and continues its support for the Mountain Bike stage races.

Bike Race by Garmin Segments

This will be the jersey to be won by the winners of the general classification.

After last year's success and as a result of the collaboration between GARMIN and OCTAGON ESEDOS, Andalucía Bike Race by GARMIN will also have Bike Race by GARMIN Segments.

What are the Bike Race by GARMIN Segments?

It is a classification parallel to any other, in which the fastest riders will be awarded in very specific and marked segments within each stage. At the end of the six stages, the times will be added up and a final winner will emerge.

In the following [video](#) we explain it to you!

How to participate in the Bike Race by GARMIN Segments?

1. Be registered in Andalucía Bike Race by GARMIN
2. Be a follower of the club in STRAVA: <https://www.strava.com/clubs/1025743>
3. Have your profile open in STRAVA or make public the activity in STRAVA, the same day of the stage just to reach the finish line, and before 18:00 hours. For the Finisher stage, they must be published before the awards ceremony.

In each stage the winner will be awarded with a set of GARMIN merchandising products, and the leader's jersey will be given to the male and female runner at the top of the ranking.

IMPORTANT!

- Classification available for all riders, competitive and no-competitive.
- Not able to compete for the final classification those riders whose due to mechanical breakdown or any other circumstance, don't finish any of Andalucía Bike Race stages.
- Not able to compete for those riders who during any of the segments or the route of their corresponding stages violate any point of the race regulations.

EQUIPMENT

- XCM World Champions and XCM National Champions must wear their respective XCM Champions Jersey at UCI XCM races, unless they coincide in overall lead.
- It is also recommended (but not mandatory) that the members of a team maintain uniformity in their clothing during all stages.
- For safety reasons, it is recommended to carry a mobile phone. Route signs and race numbers have a telephone number printed on them, which should only be called in case of an emergency. It's not a customer service number!
- It is compulsory to wear the bib on the back.

TRACKS

- The organization may publish on its website the GPX track file the day before the stage, but it will be informative only. Arrows prevail.
- The trails on which the competition takes place are assigned only and exclusively for the days of the race, therefore it is not allowed to spread the route's GPS tracks.

CLAIMS

- Claims must be formally submitted to the Comissaires and in according to the UCI regulations for MTB.

ON BOARD CAMERAS

- They are not permitted.

FOLLOW THE RACE MINUTE BY MINUTE FROM YOUR MOBILE PHONE!

With the CRONICHIP Live App you will know exactly where any rider is at any time. You can find them with its name or race number, and you can also add them to favorites. If you are interested, you will have to download the APP through [Google Play](#) or [App Store](#).
